PROFESSIONAL DEVELOPMENT PLAN DETAILS:

Name of training/workshop/conference: Dale Carnegie Executive Essentials

Training/workshop/conference Provider: Dale Carnegie

Date(s): Online to be completed by 9/30

Location: Online

Provide details describing objectives, topics, and content that should be covered during this activity.

Leadership fundamentals: understanding what makes an effective leader — styles, traits, self-awareness.

Communication & influence: how to clearly articulate vision, provide feedback, motivate others, build trust.

Decision-making & problem solving: frameworks for thinking through tough choices, managing uncertainty, taking ownership. Change management: guiding people through transitions, navigating resistance, keeping morale.

Personal effectiveness: time management, priorities, emotional intelligence, self-leadership.

Strategic thinking & alignment: seeing the bigger picture, aligning team goals with organizational goals, planning ahead.

Explain briefly what you intend to learn or gain (personally and/or professionally) from attending this activity.

- Become more resilient when managing change or ambiguity.
- Grow my ability to align my work (and my team's) with broader strategic goals: less focus on tactical issues, more on high-impact work.
- Professional growth: being better equipped for larger leadership responsibilities, exposure to leadership network and perspectives.

How does this training/development relate to your primary role at UnidosUS?

In my primary role, I am responsible for leading projects/teams and ensuring outcomes. Strong leadership, communication, decision-making, and team alignment are central to success. The course will equip me with tools to more effectively motivate and manage others, to deliver results in more consistent and scalable ways. Better strategic alignment will help me ensure my work (and my team's work) contributes more directly to the organization's goals, avoiding duplication or wasted effort.

(Managers only) How will your attendance at this activity benefit the staff you supervise or the people you work with?

I will be able to coach and mentor them more effectively — sharing techniques from the course for feedback, growth, and accountability. Improved communication: I can help to reduce confusion, increase clarity about priorities, timelines, expectations — which should reduce stress/ambiguity for team members.
